

SECTION 8 REVENUE CODES – OUTPATIENT HOSPITAL FACILITY

Only the revenue codes listed below are recognized on the outpatient hospital claim. Do not list both a facility code and a CPT/HCPSC code.

FACILITY CODE DESCRIPTION	REVENUE CODE
Outpatient Clinical: Non-surgical	0510
Outpatient Clinical: Surgical	0490
Emergency Room: Non-surgical	0450
Emergency Room: Surgical	0459
Medical/Surgical Supplies	0270*
IV Supplies	0260
Blood	0390
Orthopedic Supplies	0274
Observation Room, 1 to 5 hours	0762, Quantity of 1
Observation Room, 6 to 11 hours	0762, Quantity of 2
Observation Room, 12 to 17 hours	0762, Quantity of 3
Observation Room, 18 to 24 hours	0762, Quantity of 4
Cardiac Rehabilitation	0943

* Revenue code 270 should be reported only **once** on the outpatient claim. It is to be reported for medical or surgical supplies or both combined.

Effective for dates of service February 1, 2008 and after, hospitals no longer can bill revenue Code 250 on the paper UB-04 as a facility charge for general pharmaceuticals used in the outpatient hospital setting. Claims for pharmaceutical items previously billed under revenue code 250 must be billed electronically. See the outpatient section in Section 14, Frequently Asked Questions, of this book for details on how to bill for these items.

NOTE – Observation room charges may be shown separately on an outpatient claim. Only one observation revenue code per date of service may be billed to MO HealthNet. If the provider has a patient in an observation room more than 24 hours, the charges beyond that time **must** be absorbed as an expense to the provider. These charges **cannot** be billed to MO HealthNet or the patient. Only one observation code can be billed per stay. If the stay spans past midnight, only one day of service is billed which is the day the patient was put in observation.

Hospital Based Dialysis Clinics

MO HealthNet accepts the following revenue codes for dialysis services provided in hospital based dialysis clinics.

Revenue Code	Description
0821	Hemodialysis
0831	Peritoneal Dialysis
0841	Continuous Ambulatory Peritoneal Dialysis (CAPD)
0851	Continuous Cycling Peritoneal Dialysis (CCPD)
